## PIONEERING FOR A BETTER TOMORROW

A combat pilot writes, "History resounds with the illustrious names of those who have given all. . . . The life of a man can only be justified by the measure of his sacrifice."

Another member of the armed forces wrote me recently as follows:

"I believe that what we are fighting for is right and just in the eyes of God. Also, the thought of what it would mean if we were to lose this war and what it stands for further spurs me on."

These thoughts represent the thinking of pioneers in combat. Men, and women, too, whose belief in what is right and just and sanctioned by the Supreme Being fits them for unselfish service and directs their efforts toward making the world better for tomorrow. The pioneers of yesterday with unselfish spirit account for a better today. The pioneers of today are building a better tomorrow. Pioneering is needed on the home front as well as in combat. On the military front the pioneer is exemplary and inspiring. Pioneers at home must unite in arduous support of those in action against the enemy and must provide the right kind of leadership in every walk of life. Such leadership must bring about unification.

Pioneering has emphasized always that man is body, mind and soul. What is done with the body depends on physical education. The mind develops as we educate the intellect and the soul expresses itself through the education of the conscience. The most potent influence in life today is that which flows from the education of the conscience. Unification will come, peoples will act unitedly only when all have been educated physically, intellectually and spiritually.

The program of the future in the College must include these three aspects. Graduates should assume the responsibility of pioneering so as to bring about proper emphasis in every walk of life with respect to the importance of acting in terms of what is good for the individual, for the community, for the nation and for a better world tomorrow.

Right: Tom Bigelow, President of the Student Body during the spring semester. Bud Lewis was re-elected Men's Vice President; Patricia Jerome was Women's Vice President.

## STUDENT GOVERNMENT

Student government at Sacramento College is a representative democracy, modeled on the political structure of the U.S.A. The basic units of representation are the precincts, which elect members to the legislative branch, the Senate. The executive branch consists of the President, two Vice Presidents (one for the men and one for the women students), and a Cabinet, appointed by the President with the consent of the Senate. The Supreme Court, appointed by the President with the Senate's confirmation, is the judicial branch.

## THE PONY EXPRESS

Rain or shine, the old Pony has galloped every Tuesday throughout the year now drawing to a close. During the fall semester Barbara Mayers was editor; Patricia Smith, her able assistant. This semester Barbara and Patricia have been co-editors.

The staff (above) consisted of (left to right, standing): Barbara Mayers, Alda Leamon, Nola Van Harlingen, Elizabeth Niess, Anne Paris, and (left to right, seated) Jerry Lee, Pat Jerome, Veryl Beagle, Pat Smith. Not in the picture were Gloria Odlin and Henry Carder.

The Pony is printed in the College Printshop, under the expert supervision of George T. Smisor, instructor in printing. Seen making up an issue of the paper (right) are: (left to right, standing): Ronald Warford, Barbara Mayers, and Arnold Rowell. Seated at the Intertype is Robert Frazier.

Some of the stories and features in the Pony during the past year are recalled by the headlines on the page to the right.

# ART BALL--1943

"The United Nations" was the theme of the eighteenth Art Ball, presented by the Art Students' League on the evening of November 19, 1943. Against the background of a huge head of the Statue of Liberty there unfolded as the highlight of the evening a pageant depicting the common man's struggle for freedom, the defeat of the forces of tyranny, and the triumphant spirit of the free peoples of America, China, Britain, and Russia. The Ball combined spectacular theatrical effects, delightful satirical comedy, and masterly solo and ballet dances with an especially timely message of hope for the better world of tomorrow which is being built by the pioneers of today.

Right: Richard Mier in the solo dance number "John Freedom Strikes Off His Chains."

Above: Dorothy Cavitt, Queen of the 1943 Art Ball, "The United Nations," followed by three of her attendants, Marilyn Amick, Claire Cummins, and Beda Aldana.

Below: The Devil (Caspar Wold) drives the Axis Rats, Hitler (Arlene Matson), Mussolini (Alice Petta), and Hirohito (Anita Buderer) out of his domain as undesirables.

Above: Lila Varasso as the Princess in the Chinese Temple Dance, one of the four colorful ballets of the Art Ball pageant. She is attended by Norma Huntoon.

Below: Section of the grand finale, led by the girls of the English Minuet. The four characteristic ballets were Russian, Chinese, English, and American.

## THE STAR UNIT

An active part in College life last year was taken by the men of the A.S.T.P. Unit 3910 who were receiving training in basic engineering and in foreign languages on the college campus.

Pictured here are the "Stars" at work and at play.

1. Introduction to the program—A G.I. receives information on what the program is.
2. The army studies—A Military Correspondence course under Ruel Taylor.
3. Deep concentration—A section of the library dominated by the boys in khaki.
4. Soups On!—The army takes times out to eat. The college Cafeteria served as the Star mess hall.

5. Keeping Fit or Am I Exhausted!—One portion of the obstacle course kept occupied by the boys.
6. Medical care and checkups—A G.I. receives first aid.
7. Who wants to sleep anyway!—
8. Ah! the social life is not to be neglected!—The Stars contributed much to the activities of the school year.
